Details:

Does the Mare cycle regularly? (circle one) Yes | No

Date of last cycle (approx)

Does Mare have noticeable season? (circle one) Yes | No

Any further information you would like to include:

Chase Stud Conditions

1. Stud Fee - The Stud Fee for Chase in 2017 is £350

2. A.I. Fee - The mare owner is responsible for the AI Fee of £150, which includes stallion transport to the AI collection centre, semen collection, analysis, chilling, packaging, shipping and all other associated costs. £150 per shipment is payable each time the semen is ordered. There is no limit to the number of times the mare owner can order semen for the nominated mare per breeding season.

3. Shipping Container - The container for shipping the semen must be returned to **AI Services** within 5 working days of the semen being shipped or the mare owner will be charged for a new container. Please do not ship the container to Chase Stud.

4. Damage - Chase Stud and **AI Services** can accept no responsibility whatsoever for any damage to or the condition of semen and/or container which occurred whilst in transit. Semen is not insured during transit.

5. Deposit - The non-refundable Stud Fee Deposit (£150) must be paid in full with submission of the fully completed Nomination Form in order for it to be deemed valid.

6. Payment of Fees - Payment of the outstanding Stud Fee (£150) plus the first £150 AI Fee must be fully cleared before the first shipment of semen is ordered. The Stud will NOT ship semen until this payment has fully cleared.

7. Semen terms - Unlimited doses of semen per nominated mare to achieve 1 (one) pregnancy per breeding season unless otherwise agreed. The A.I. Fee of £150 is payable before the semen is shipped every time semen is ordered.

8. Ordering Semen - The mare owner or vet in charge of ordering the semen must give 48 hours notice to Chase Stud to ensure collection and delivery of semen in good time. Semen MUST be ordered over the phone in person. Semen orders made by email or voicemail message will not be accepted. If the semen is not ordered 48 hours in advance, or is ordered via email or voicemail, the Stud takes no responsibility for non-shipment or late delivery of semen.

9. Delivery - It is the Mare Owner's responsibility to ensure the correct address to which the semen is to be shipped is given on this form. Semen will be shipped with Royal Mail on a next day delivery service. Delivery by Royal Mail is before 12pm. Any late or non-delivery must be taken up with Royal Mail. The Stud cannot be held responsible for late or non-delivery. The Stud keeps Proof of Postage for every semen shipment.

10. Availability - Semen is available for delivery Tuesday to Friday inclusive. Semen delivery is available on Saturdays at an extra charge (variable). Semen delivery is not available on Sunday, Monday, Public Holidays and Bank Holidays due to couriers' unavailability. Semen can be collected in person from AI center by prior arrangement. Chase Stud and **AI Services** make every effort to have teaser mares available for collecting semen when requested, but cannot be held responsible for delays or non-availability of semen due to unforeseen circumstances. Every effort is made to ensure that the client receives the highest quality of semen on time.

11. Cancellation Fee – 50% of the Stud Fee (£125) will be invoiced to the mare owner for any nomination not taken up, unless a veterinary certificate is produced stating a valid reason for the nominated mare not being inseminated during the breeding season.

12. NFFR Terms - If the Mare is scanned not in foal by the 1st October 2018, (must be certified in writing by a registered practicing veterinary surgeon) the nominated Mare is entitled to a Free Return visit in the next breeding season. This does not entitle the Mare to free A.I. collections or veterinary costs, only a free return to the Stallion in 2018. If the Stud Fee alters in price, the mare owner is neither eligible for any refund nor required to make any additional payment of the difference. Live Foal Guarantee: The Stud guarantees a live foal (48 hours after birth) or the mare is entitled to a free return to the stallion. Collection fees still apply as per NFFR above.
